

## ABOUT US

Ebook Universal.com launched in January 2003 and is a fairly new company, but is already one of the most popular websites of its kind, with in excess of 2 million visitors per week. Ebook Universal provides the world's leading guide to ebooks.

As you already now by now..... the world of ebook revolution is here. Ebooks are quickly becoming an important alternative to paper books and thousands of ebooks are downloaded every day. Ebooks are books that are available in digital format. Ebooks are ordered online and delivered electronically to your computer. The advantages of ebooks are many, from been ordered online and delivered electronically to your computer, to been compacted, convenient, and portable.

Ebook Universal.com empowers you with control over the look and feel of your ebooks with powerful features such as digital notes, dynamic display settings, search, and text-to-speech. Ebooks provide a great hope for the environment by saving millions of trees that are destroyed every year for paper books. Ebooks are infinitely more portable than paper books when carried with you on a PDA. You save money with no shipping costs and the lowest prices.

Ebook Universal.com carries a wide range of books for people of all ages and also provides a great deal of FREE Information to assist you with any type of research information that you may be in need of.

The character and technology of the world of Internet has poised us to build on our online success by developing a vibrant ebook market for Internet consumers worldwide. Indeed, the technology of books may have changed over the centuries....but the potential and empowerment of books has not. Ebooks embody a perspective of that which is known and perception of that which may be worth knowing.

Here at eBook Universal.com we believe we will represent a new era for our company and help to define the future of electronic and digital format books. Visit us often to get your favorite new ebooks and please feel free to let us know how we can serve you better.
